

Loft Mountain Campground

Park Information recording: (540) 999-3500 or online at www.nps.gov/shen

Welcome to Loft Mountain Campground. Family camping in Shenandoah National Park can be a fun and rewarding experience. Remember that you are sharing this space with plants, animals, and other campers. Consideration is important.

CAMPING

Camping is on a first-come, first-served basis. Reservations are not accepted at Loft Mountain Campground. Checkout or register by 12:00 noon. Camping fees are non-refundable and camping is limited to 14 consecutive days per year.

CAMPSITES

Each campsite is equipped with a picnic table, fire grate, and parking area. Electric and water hookups are not available. Campsites are limited to 6 people, and 2 vehicles (including trailer) per site. There are walk-in sites for tents. Walk-in tent sites include parking for **one** vehicle. Respect the area by not trenching your tent or putting nails in trees. Use tent pads if available. **Be sure to leave something on your site at all times to show occupancy.**

CAMPFIRES

You may gather dead wood that is down on the ground. Don't cut, saw, or break any standing trees, dead or alive. Fires are only allowed in grates. **Never leave fires or hot coals unattended and be sure they are extinguished completely.**

FOOD STORAGE, WILDLIFE, AND PRESERVATION

THIS IS BEAR COUNTRY and deer, raccoons, and skunks are year-round residents. Store your food out of their reach. Put food, (including pet food) coolers, and utensils in your vehicle or on a food storage pole. **It is illegal to feed the animals. Never feed, frighten, or disturb deer or other wildlife. Leave wildflowers, artifacts, and all resources for others to enjoy.** All plants, animals, artifacts, and other natural resources are protected by law in national parks.

SANITATION

Wash dishes at your site, not in restrooms. Wastewater/gray water must be disposed of in the service sinks in restrooms. Please strain food particles from water and dispose of them in campground trashcans, not in sink drain. Sewage and wastewater from trailers and recreation vehicles must be emptied at the dump station, which is located down the hill from the campstore. Water is a precious and limited resource, especially on top of the mountain; use it wisely.

CAMPSTORE, LAUNDRY, & SHOWERS

Shenandoah National Park operates the campgrounds. ARAMARK, the official park concessioner, operates the showers, laundry, and campstore. Showers, washers, and dryers take quarters. Wastewater treatment is an expensive undertaking in Shenandoah National Park. Your quarters help return clean water to the park environment.

VEHICLES & BICYCLES

All roads in the campground are one way and the speed limit is 10 mph. Be sure to keep motorcycles, vehicles, and trailers on paved areas. Remove wide mirrors when trailers are unhitched. Bicycles are permitted on paved roads only. **Additional parking is located beyond campsite A40 near the campground exit.**

RECREATION

Be sure to check the schedule of ranger-conducted activities. Visitor centers have exhibits, maps, publications, and hiking information. They are located at mile 4.6, mile 51, and mile 79.5. Skates, rollerblades, scooters, skateboards, fireworks, and all weapons are prohibited. **Generators may be used from 8-10 a.m. and 4-7 p.m. Quiet hours are from 10:00 p.m. to 6:00 a.m. Pets must be on a leash 6 feet or less. Do not leave pets unattended and clean up after them.**

EMERGENCIES

Contact rangers at the registration station or the campground hosts at Sites E107, D71 or D69. If they are not available, use the pay phone at the registration station to call **1-800-732-0911**. The nearest hospital is located in Harrisonburg, 14 miles north on Skyline Drive, then 22 miles west on U.S. 33.
